GROTTO®

The Definition

grot'ō, n. a cave; a place of shade, for pleasure - also Grot: - pl. Grott'os - n. Grott'o - work, a **grotto** - like structure. [It. grotta [Fr. grotte]—L. crypta—Gr. kryptê, a crypt.]

The Origin

The word '**grotto**' reflects natural small caves near spring-fed waters and served as public baths. Small suites of intimate rooms laid out around a grotto and a covered balcony allowed courtiers to bathe in the small cascade that splashed over the pebbles and shells encrusted in the floor and walls.

The Philosophy

With the same philosophy of controlled cascading of water when you are in the solitude of your own private space, Grotto India introduces a pristine minimalistic designed, luxury Scandinavian range of bath and kitchen fittings for those who appreciate subtle clean lines as an efficient architectural construct.

The Technology

The products penciled and sourced from the frontiers of water intervention technologies across the world have state-of-the-art engineering operating unseen at the back end. The consumer enjoys the benefit of aesthetics with hidden technologies at work.

THE LEGACY CONTINUES IN INDIA

Sink: GR-81060-BD | Faucet: GR-61040-SS

GROTTO

Kitchen Designware **SQUARE**

Design Philosophy: The **SQUARE** series is positioned in right angles with clean lines that offer functional and aesthetic benefits for customized designer kitchens. This facilitates efficient deep-cleaning and prevents any waste debris from clinging to the sidewalls ensuring that the sink always remains dry and sparkling clean.

3 MM
THICK TOP

The top side folds of Grotto sinks are made of 3MM SS which is exceedingly strong and durable. These sinks are specially tailored to be able to manage the weight of the entire loaded sink. Also, the emphasized thickness aids smooth installation of the sink without any disfigurement.

 **304 SS**
HIGH QUALITY

Only high quality 304 grade stainless steel is used across all Grotto sinks, drain covers and faucets. This allows superior engineering and dust proof finish resulting in durable aesthetics for a life time.

HAND ✨
FINISHED

The designer look and feel is nuanced with a hand crafted finish of grinding and buffing. Each product has the hand finished feel of smoothness and slickness expected from vastly experienced craftsmen.

 **THE**
SINK
PACKAGE

Our friendly approach ensures that along with your Grotto sink, other accessories like the drain pipe, strainer, bottle trap and connector [for double bowl sinks] are included as part of the package. These are designed for seamless integration with the sink engineering that makes Grotto special.

ISO
9001:2015

Keeping best consumer practices in mind, the company is certified ISO 9001 [International Standards Organization] thus, ensuring that highly structured processes are in place, delivering superior quality products consistently.

WARRANTY IN
EXCESS OF A
LIFE TIME

Grotto is confident of its build quality and technology. This confidence is reflected in our warranty which covers the lifetime of the product thus assuring you of a stress free interaction with our products. Lifetime warranty is as per the terms and conditions listed in the warranty card.

GROTTO®

KITCHEN FAUCETS

Grotto supports eco-friendly sustainable development and its faucets have been specifically designed to disburse water pressure evenly so that the foam flow has larger coverage area and a relatively softer impact on touch down which cuts down water consumption. The large range varies in design styles from classic to the contemporary and complements the collection of Grotto sinks perfectly.

304 HIGH-GRADE STEEL: This superior quality SS is used universally for all Grotto faucets ensuring a smooth finish, long lasting durability and trouble-free cleaning.

INTERNATIONAL SATIN FINISH: This selection exhibits a distinct surface texture with a brushed appearance which makes it exceptionally attractive in its simplicity in addition to being less prone to scratches.

MATT BLACK FINISH: This range is graced with a stylish and sophisticated black finish that makes it resistant to corrosion. Furthermore, the faucets are engineered and designed to blend well with the premium selection of the Grotto kitchen sinks.

CHROME FINISH: This collection owes its radiance to the expert use of chrome in its finishing thus creating a royalty like ambience in your kitchen.

OIL-RUBBED BRONZE (ORB) FINISH: The beauty of hand-finished products imparts a deep, rich texture to the faucets giving a designer look to your choice.

GROTTO®

FLOOR DRAINS

Grotto brings you aesthetically designed intelligent drain systems that ensure systematic and methodical drainage.

Crafted from 304 high-grade stainless steel, these drains can withstand solid dirt and grime without losing their luster and retain their glossy finish. The perfect alignment with the drip walls prevents any leaks in the sidewall hence maintaining perfect hygiene standards as far as the floor and drain points are concerned.
